HEALD'S

Business College and Short-hand Institute,

24 POST STREET, near Kearny,

SAN FRANCISCO, CAL.

The design of this school is to fit students for the practical affairs of life. After a quarter of a century of success in this city it may well be called

The Model School of the Pacific Coast.

THE FULL COURSE INCLUDES

SINGLE AND DOUBLE ENTRY BOOK-KEEPING, PENMANSHIP, COMMERCIAL ARITHMETIC, MERCANTILE LAW, BUSINESS CORRESPONDENCE, GRAMMAR, SPELLING, READING, DRAWING, FRENCH, GERMAN, SPANISH, SHORT-HAND, TYPE-WRITING AND TELEGRAPHY.

SHORT-HAND AND TYPE-WRITING DEPARTMENT.

This department is devoted to instruction in the best modern method of Short-hand Writing, and in the shortest possible time fits its pupils for verbatim reporting. It qualifies young men and women to take situations as *Private Secretaries, Short-Hand and Court Reporters, Stenographic Law Clerks, Amanuenses, and Phonographic Corresponding Clerks.*

ACTUAL WORK IN THE COLLEGE.

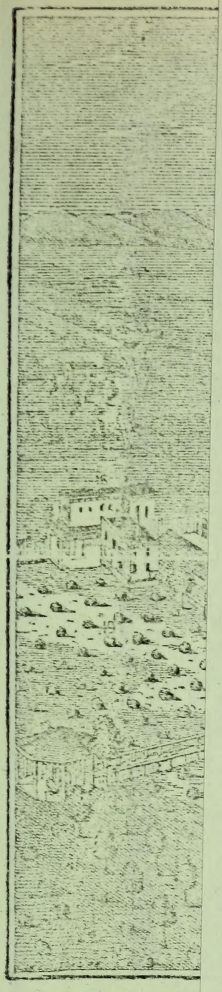

Every one will make mistakes before perfection is attained, but as the causes are pointed out and pupils are shown how work should be done, actual experience is gained, bringing with it self-confidence. The practical Short-hand Type-writing done within the College enables them to proceed at once to actual employment. The Caligraph, the Remington and the Crandal Type-writers are used; and the pupil can learn the use of either or all.

GENERAL INFORMATION.

Pupils are assisted in obtaining situations. Board for students in private families is secured when desired. Ladies are admitted as pupils in all departments of the College. The rates of instruction are $75 for the full term of six months. THERE ARE NO EXTRA CHARGES FOR ANY BRANCH TAUGHT IN THE SCHOOL. For further information address for circulars,

SANTA CLARA COLLEGE,

Santa Clara, California.

This Institution was founded in 1851, and in 1852 was incorporated with the privileges of a University. It occupies six large buildings, with extensive shady play-grounds, covered gymnasiums, swimming pond, etc. It possesses a most complete Philosophical Apparatus, and valuable collections of Mineralogy and Geology. It has, also, practical schools of Assaying, Surveying, Telegraphy, Photography and Commercial Business. For the latter a new building 186x40 has just been finished, that leaves nothing to be desired.

Diplomas are given in two departments—the Classical and Scientific—and Certificates in Commercial course.

— TERMS: —

(Payable semi-annually in advance)

Matriculation Fee, to be paid but once ..... $ 15 00

Board, Lodging, Tuition in all branches, **Washing and Mending of Linen, School Stationery, Medical Attendance and Medicine, Baths, etc., per session of ten months** 250 00

For further particulars apply to the President of Santa Clara College, or to St. Ignatius College, 211 Hayes street, San Francisco.

REV. A. J. MEYER, C. M., PRESIDENT.

ST. VINCENT'S

SANITARIUM,

CONDUCTED BY THE

SISTERS OF CHARITY.

THIS Institution is situated on the hills overlooking the City of Los Angeles, and commanding an extensive and beautiful view of the surrounding mountains and valleys. The building is entirely new, and built on the most approved plan; it has all the appointments of a first-class Hospital, and all the requirements and conveniences of a Home for Invalids. Its location makes it peculiarly adapted as a Sanitarium for people with respiratory and nervous diseases. Patients, irrespective of creed or nationality, are received.

Any reputable physician may maintain and treat private patients in this institution. The charges, invariably in advance, will vary according to rooms, but will be as reasonable as possible.

For further particulars, apply to Sister Superior.

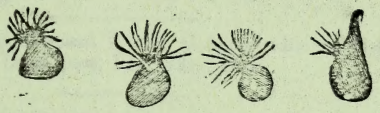

READ AND PROFIT BY IT.

THE CALIFORNIA
Positive and Negative
ELECTRIC
FAMILY MEDICINES,

The Most Powerful Preparations on the Globe.

CREASINGER & CO., - - - PROPRIETORS,

22 South Main Street, Los Angeles, Cal.

Magnified 560 Times.

Above we give you illustrations of the parasites which cause so much trouble. Think of thousands of these living in your nose, head, throat and lungs, causing you so much trouble, and bringing disease and absorbing that which is essential to health. Do not wait! Destroy them now. They cause many diseases, Catarrh being the most prevalent. Our Liniment destroys these by the thousands, and they are spit out or blown from the nose. The only preparation that will destroy them.

INDIO, CAL., JAN. 11, 1887.

Messrs. Creasinger & Co., Los Angeles, Cal.

GENTLEMEN.—After having been a sufferer from rheumatism for some months, I was induced to try your California Positive and Negative Rheumatic and Gout Cure, and after using two bottles I was so far relieved as to be able to return to my duties. I can cheerfully recommend it to anyone suffering from this most painful complaint. F. B. WILLETS.

Mr. Willets is a conductor on the Southern Pacific Railroad, and is widely known. Although we have never seen him, we are glad to hear of his recovery. Our preparations are very popular among the railroad men of California.

LOS ANGELES, CAL., DEC. 18, 1886.

MESSRS. CREASINGER & CO.—Having suffered much with rheumatism, a number of months being unable to hold a pen or use my hands, I consented to try Dr. Creasinger's celebrated rheumatic cure, and after a few applications, although skeptical, I was relieved so much, and so much benefited, that I continued the use of the liniment, and now I am entirely cured and able to attend to my business as well as ever, and I recommend it to any persons so afflicted.

T. SLATER SMITH, Proprietor *Weekly Item.*

Captain Tyler, of the police force, says: "Your liniment is way up. It kills pain almost instantly."

B. Cox, on Second Street, says: "Your liniment does cure catarrh. I was bothered with it a long time, but the California Positive and Negative Electric Liniment has cured me entirely."

T. E. Perham, druggist, Monrovia, Cal., says: "Your California Positive and Negative Electric remedies are very popular here, and my sales are increasing very rapidly, and they have performed some wonderful cures. The life of one lady was saved here that everybody said must die. I have never heard one word of fault found with these popular medicines.

The New Northwest, Portland, Oregon, of May 26, 1887, says: "The California Positive and Negative Electric Family Medicines are daily growing in favor. These medicines are purely vegetable, and those who have used them are loud in praising their efficiency."

LOS ANGELES, CAL., MAY 25, 1887.

MESSRS. CREASINGER & CO.—Send me a bottle of your California Positive and Negative Electric Cough and Consumption Cure. One bottle System Builder. Yours is the first Cough Cure I have ever taken that did me any good. MARY BURKARTH.

Messrs. Creasinger & Co., Los Angeles, Cal. PASADENA, CAL., JAN 22, 1887.

GENTLEMEN.—Having suffered from my throat and lungs for months, and trying nearly all the cough preparations for relief, found none until I commenced the use of your California Positive and Negative Electric Cough and Consumptive Cure, which has given me an entire cure, and you can refer all suffering ones to me, as I really think I know it is the very best preparation ever known. MABEL I. BIGNEY.

LOS GATOS.

SANTA CLARA COUNTY.—Fifty miles from San Francisco and nine miles south of San Jose, on the South Pacific Coast Railroad, at the foot of the Santa Cruz Mountains. Has a post, express and telegraph office; also excellent hotel accommodations. It is located in the rich fruit belt of the Santa Clara Valley, to which the immense number of orchards and vineyards give substantial evidence. The largest almond orchards in the world are located in the immediate vicinity, and their abundant yields are a source of great profit to the owners. The climate will admit of growing oranges, lemons, olives, etc., which ripen to perfection. The town has more than doubled its population since our last issue.

MARYSVILLE.

YUBA COUNTY. A post, express, and telegraph town; the county seat of Yuba County, and the metropolis of Northern California. It is favorably situated for commercial purposes, being at the junction of the Yuba and Feather Rivers, and on the direct line of the S. P. Co.'s Oregon Division, and is the western terminus of the California Northern R. R. to Oroville. It is the distributing and receiving point for a large and highly productive agricultural and mining district. Marysville has, from its earliest period, been an important staging center, and, although railroads have encroached somewhat on this business, it is still a large one. The city is beautifully laid out, and its streets wide and roomy. It has good schools and churches, two newspapers, the Marysville *Appeal*, a morning paper, daily and weekly, and the *Daily Evening Democrat*, banks, a complete system of water works supplying the city with an abundance of good water, and the usual adjuncts of a large and prosperous city. The city suffered much from a fire in the fall of 1887, which destroyed one of the principal business blocks of the city, but the work of rebuilding has been going vigorously on, and in a short time the burnt district will again be in full occupation. The population of Marysville is estimated at 7,000.

MERCED.

MERCED COUNTY. A post, express, and telegraph town, on the S. P. Co.'s Visalia Division, 152 miles from San Francisco. Is situated in the center of a fine farming district. In addition to the trade of the vicinity it commands a large mountain traffic from Mariposa County. The city was laid out on a liberal plan, and its buildings are substantial and commodious, and noted for their architectural beauty. The hotel accommodation is good, as are also the schools. It has a Court House, which cost $75,000, two banks, and business in all its branches is represented. It has a storage warehouse with a capacity of 30,000 tons of grain. The city supports 4 newspapers, the Merced *Argus*, daily, and the Merced *Star*, the Merced *Express* and the *San Joaquin Valley Argus*, weeklies. Its population is 7,000.

First-Class Bar and Billiard Rooms in connection with the Hotel.

Having just leased this well-known and elegant hotel and supplied it with new accommodations throughout, I take pleasure in announcing to th public that no pains will be spared in making EL CAPITAN one of the most comfortable hotels outside of San Francisco. The house is supplied with every convenience for the pleasure and comfort of guests, and it will be my earnest endeaver that none shall go away dissatisfied. There is connected with this house **Bath-rooms for Ladies and Gentlemen, Barber Shop, Billiard-room and Saloon**, all of which are first-class. At the Bar, none but the BEST WINES, LIQUORS and CIGARS will be dispensed. All the rooms have undergone a change, which makes them neat, clean and comfortable, and the tables are supplied with all the market affords None but first-class and accommodating attendants are employed. I therefore solicit your patronage.

MODESTO.

STANISLAUS COUNTY. A post, express and telegraph office. Is an active, growing town of 7,000 inhabitants, situated in the San Joaquin Valley, 114 miles from San Francisco and 18 miles from Lathrop. A desirable place of residence, centrally located in the county, of which it is the county seat. The surrounding district is principally devoted to wheat growing and wool producing. Stanislaus County is noted for raising more wheat than any other county in the State. In

the coast range of mountains forming the western boundary of the valley are paying deposits of quicksilver, and in the eastern range gold discoveries are not rare. Modesto is a well-built place, streets wide and shaded and regularly laid out. Water and gas works are in operation. The Court House is an attractive, substantial building, situated in a beautiful square where flowers and shrubbery abound. The city supports three newspapers: the *Daily Evening News*, the Modesto *Herald* and the *Stanislaus County Weekly News*.

MONTEREY.

MONTEREY COUNTY. It is situated on the lovely bay of the same name, 125 miles south of San Francisco. It is reached by the S. P. Co.'s Northern Division, and can be reached from the city in 3½ hours by the Monterey Express, the fastest train on the Pacific Coast. The route is through the beautiful suburban towns of Milbrae, Belmont, and Menlo Park, where are situated the homes of many of California's millionaires, through the lovely Santa Clara Valley and its metropolis, San Jose, thence southward to the bay. The Hotel del Monte is situated in the center of a splendid oak grove of 125 acres, and is one of the finest seaside hotels in the country. Its bathing establishment is unsurpassed; spacious tanks 150x50 feet for warm salt water, plunge and swimming baths. Elegant rooms for individual baths with douche and shower facilities, and a magnificent beach of pure white sand for surf bathing. The drives around Monterey are picturesque and elegant, such as Cypress Point, Carmel Mission, Point Lobos, etc. It has complete post, express and telegraph facilities. Salinas is its nearest banking town. Population 500.

NAPA CITY.

NAPA COUNTY. This, the county seat and commercial metropolis of Napa, is situated at the head of navigation on the Napa River, 37 miles from San Francisco. The location is exceptionally beautiful as well as healthy, and the city in its residence portion will compare favorably with any in the State. The most attractive feature, in an architectural point of view, is the Napa State Asylum for the insane, built at an expense of about $1,500,000. It has accommodations for 600 patients, but for the past few years has been overcrowded to such an extent that an increase of accommodation is an immediate necessity. The Court House is a structure worthy of the county.

Beside her ample educational facilities, provided through the medium of her public school system, Napa City supports three first-class private schools: The Napa Collegiate Institute, the Napa Ladies' Seminary, and the Oak Mound School for boys. The first-named takes rank equally with our best institutions, and enjoys more than a mere local reputation and popularity.

The city has three newspapers: The *Reporter* and the *Register* (both daily), and the *Journal* (weekly), all of which are alive to the interests of the city and the valley. There are three banking institutions, several important manufacturing firms, and the ordinary complement of other business houses. Population of Napa City is now estimated at 5,500.

NILES.

ALAMEDA COUNTY. A small town, with post, express and telegraph office, on the line of the S. P. Co.'s Western Division, at its junction with the San Jose Branch. It is 30 miles from Oakland and 18 miles from San Jose, situated in a thickly settled portion of the county, at the foot of the Santa Clara Valley, and is surrounded by some of the finest land in the State, and already gives promise of considerable importance in the future. Seven miles to the south by rail are the noted Warm Springs of Alameda County. Haywards is its nearest banking town. Population 300.

OAKLAND.

Our sketch of Oakland is part of an extract written by A. W. Bishop, President Oakland City Council, for the illustrated edition of the Oakland *Tribune*:—

I have been requested to furnish a condensed bird's-eye view of Oakland, present and prospective, for this edition of the *Tribune*. There is so much that might be said of Oakland that I find the only difficulty in complying with this request is to confine what ought to be said in the allotted space given.

Oakland at present presents one of the most attractive points on this continent for homes, for business, for manufacturing enterprises, for commerce, or for productive investments. Its growth, though rapid, has been firm and solid, not of the mushroom growth, the result of "booms," but a growth that bids fair to increase in proportion with the coming years.

Oakland is not only a modern city, but a model city. It is a city of homes, of schools, of churches, the seat of an organized and highly cultured social life, so much so that it has been called the "Athens of the Pacific." It is the city of flowers, of pleasant drives, of magnificent scenery and attractive resorts.

It is a city of vigorous and growing industries, manufacturing and commercial; it is the great railroad center of the Pacific Coast; it is located on the land side of the most beautiful bay and one of the largest and safest harbors in the world, a body of inland water nowhere surpassed, if equaled, on the face of the globe. It has a population of nearly 50,000 within its charter lines, and, with its suburbs, fully 65,000 people. Its site is at once grand, beautiful, varied, and expansive. It has a climate the most equable of any city on the globe; a death rate the smallest; its natural drainage unsurpassed; a landscape delightful to the eye and covered with beautiful flowers, winter and summer the same.

At its water front converge four transcontinental lines of railway and numerous other lines of railroad branching off to

KLUNE & FLOBERG, 428 J St., cor. 5th, Sacramento. ARE AGENTS FOR THE Rockford Watches.

the four points of the compass, east, west, north, and south, with Oak and the great focus and terminus. More than 250 regular trains arrive and depart from Oakland daily, carrying passengers, and from twenty to twenty-five freight trains transporting merchandise. The passengers carried by these trains, local and main lines, in 1886, were seven and a half millions. Of freight, 1,693,971 tons.

Oakland's present manufactories consist of a large and well-conducted cotton and jute factory, large jute mills, the extensive works of the Judson Foundry and Agricultural Machinery Works, the Oakland Nail Works, with numerous foundries and lesser manufacturing establishments.

This, in short, is Oakland's present, not the half of which has been told, but a bird's-eye view of our present in a nutshell.

There is no city on this continent with so bright a future as our own fair City of Oaks. Sitting like a majestic queen on the land side of the beautiful San Francisco Bay, opposite the Golden Gate entrance to this magnificent harbor, through which come and go the fleets of the East and the West, the North and the South, from the far-famed Indies, China, Japan, and the islands and continents of the Pacific and southern seas, from around the great capes of Good Hope and the Horn, bearing their precious cargoes from two continents to deposit in the lap of this favored queen, at whose feet they cast anchor. And in return they bear away the rich productions of this empire State and its adjoining territory, a continent almost in size, consisting of corn, wine, and oil, fruits and cereals, the useful and precious metals, to enrich the world.

. . . . . .

When Oakland's contemplated public improvements shall have become a completed fact, it will be pointed out by the tourist and traveler, not only as a great commercial mart and center, but as one of the most beautiful and attractive cities on the globe. Nature has done everything for this city, and when its citizens shall improve upon nature and construct its beautiful boulevard around its inland lake—a body of water in its midst which other cities would give millions to possess—with its parks and its drives and attractive resorts, with smooth, clean, and noiseless streets of bituminous rock pavement, with its extended streets to deep water, forming quays and wharves to accommodate the fleets that will seek its water front, then will she sit grandly as Queen, not only of the Pacific, but of the continent.

PUBLISHING CO.

Main Office, Cor. Twelfth and Castr

OAKLAND.

For description see following pa

PACIFIC PRESS

PUBLISHING COMPANY,

MAIN OFFICE:

COR. TWELFTH AND CASTRO STS., OAKLAND, CAL.

BRANCH OFFICES:

18 POST ST., SAN FRANCISCO, 44½ SOUTH SPRING ST., LOS ANGELES.

The Largest, Best Equipped, and Most Complete Printing and Publishing House on the Pacific Coast.

50,000 Square Feet of Floor Space; 150 Hands Employed; Five Departments combined under One Roof and One Management.

BOOK AND JOB PRINTING DEPARTMENT. This department occupies the larger portion of the basement and first and second stories of the main building, corner Twelfth and Castro Streets, as shown in engraving on opposite page. It is furnished with type of all sizes and styles, in *large quantities*, so that jobs can be turned out on short notice. Twelve Steam Power Presses of the latest patterns are kept in constant operation.

ELECTROTYPE AND STEREOTYPE FOUNDRY. As an auxiliary to the book and job printing department the Electrotype Foundry is almost indispensable. Where large editions are to be printed it is very desirable to make duplicate plates, thus saving in expense of press work, and also in the wear of type. Authors usually find it to their advantage to have their works stereotyped in order to save cost of type-setting on future editions. This Department is thoroughly furnished with modern machinery, and is in charge of competent workmen.

BOOK BINDING DEPARTMENT. This Department occupies the entire third floor of the main building, 78x100 feet. During the past year it has been thoroughly reorganized and refitted, and new machinery added at large expense. Every description of binding done, and satisfaction guaranteed.

ENGRAVING DEPARTMENT. We employ our own Wood Engravers, and thus have the work under our immediate supervision. We also have connection with the leading Photo-Engraving Establishments in the East, and can give estimates on any style of engraving desired.

BOOK AND STATIONERY DEPARTMENT. In this Department we have the exclusive agency of several fast-selling Subscription Books; also, a good assortment of Trade Books, Bibles and Albums, and a fine line of Stationery. Agents wanted in all parts of the country. Write for terms.

This Institution stands without a rival on the Pacific Coast, it being the only one where all kinds of printing, engraving, book binding, electrotyping and stereotyping are done under one roof and one management. The facilities of this house for turning out large jobs are unsurpassed, and the reputation of the PACIFIC PRESS for square and honorable dealing, and doing first-class work, is unsullied.

The paper, ink, etc., used by this Institution, are imported from the East, direct from the mill or manufacturers, and thus a great saving is made in the cost of material. The work turned out will compare favorably with that of any Eastern publishing house.

We give special attention to orders from the country, and our business in this line is rapidly increasing. Orders by Mail or Express for Job Printing, Book Binding, Engraving, or anything in our line, will receive prompt attention, and our prices will be just as low as though the orders were given in person.

All orders should be addressed to

PACIFIC PRESS,

OAKLAND, CAL.

For view of buildings, see preceding page.

PACIFIC IRON WORKS

1850. BUILDERS OF 1888.

MINING

AND GENERAL MACHINERY.

127 FIRST STREET, SAN FRANCISCO. 145 BROADWAY, NEW YORK.

Plants for Gold and Silver Mills, embracing machinery of latest designs and most improved construction. We offer our customers the best results of thirty-five years experience in this special line of work, and are prepared to furnish from San Francisco or Chicago the most approved character of Mining and Reduction Machinery, adapted to all grades of ores and superior to that of any other make, at the Lowest Possible Prices.

We are also prepared to construct and deliver in complete running order, in any locality, Mills, Concentration Works, Water Jackets, Smelting Furnaces, Hoisting Works, Pumping Machinery, etc., of any desired capacity. Send for circulars.

Water Jacket Smelting Furnaces

UPWARDS OF 200 IN USE.

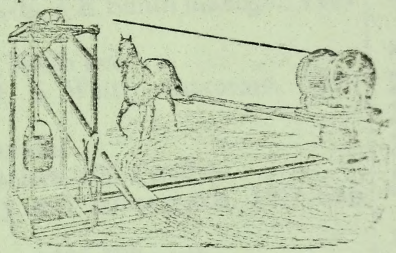

For Copper and Argentiferous Lead Ores, of new original designs, covered by letters patent. No other furnace can compare with these for durability, and in capacity for uninterrupted work. More than 200 of them are now running in various parts of this country as well as many in foreign countries, giving results never before attained as regards continuous running, economy of fuel, amount and quality of bullion produced. These claims have been proven by results in any number of instances, and the great superiority of this system of smelting ores demonstrated beyond question. Complete plants furnished to order, of any capacity, with all improvements that experience has demonstrated as valuable in this class of work. Send for circulars.

WATER JACKET SMELTING FURNACES

THE DUNCAN CONCENTRATOR

Beyond question the cheapest and most [illegible] machine of the kind now in use, adapted to all [illegible] and classes of ores.

This machine has been thoroughly tested [illegible] past three years under a great variety of conditions, giving most extraordinary results, far in advance of anything ever before realized. A recent competitive test with the Frue at the Carlisle mine, in Nevada Co, showed an advantage of over 30 per cent. in favor of the Duncan; the amount saved over the Frue being sufficient to pay the entire cost of the machine every month of the year. One of its most valuable features is an amalgamator. It saves all the amalgam of gold and silver that escapes the batteries, pans or settlers, making the machine worth more than its cost for this purpose alone.

Baker's Mining Horse-Power Hoist

This is a machine of the greatest utility in the [illegible] stages of mine development, and by all odds the best thing of the kind ever introduced.

Large numbers of them are now in use in various parts of the country, working in many cases to the depth of from 200 to 300 feet, hoisting both ore and water with a facility that makes steam power unnecessary.

The brake and clutch levers being worked with a spring latch and quadrant, gives the operator perfect control over all its movements, and makes it absolutely safe from accident. Send for circulars.

STEAM HOISTING WORKS.

Of Any Required Capacity.

HAZELTON BOILERS

The most perfect Steam Boiler of the age. Has shown a saving of from 15 to 25 per cent. over all competitors

For Simplicity, Economy and Durability has no Equal.

ORANGE.

LOS ANGELES COUNTY. A post and express town reached by S. P. Co.'s Wilmington and San Diego Division, or by P. C. steamers to Wilmington, thence by same route. A delightful town in the center of orange groves, vineyards and orchards. Raisins of a superior quality are raised here. The wants of the inhabitants are well supplied by good stores, and the town has good hotel accommodations. Orange is a banking town. The "Los Angeles boom" has touched Orange in passing, and within the last two years the town has more than doubled its population, which now may be fairly set down at 1,700.

ORLAND.

COLUSA COUNTY. A post and express town on the S. P. Co.'s Cal. Pac. Division, 17 miles north of Willow. It is situated on Stony Creek, in the northern part of the county, and commands a lively trade from that section. Its trade also extends into Tehama County. Chief among its institutions is the Stony Creek College, located one mile from town. The main college building is built of brick, and the boarding-house of wood. Both are 40x60 feet in dimensions, and two

OROVILLE.

BUTTE COUNTY. Was organized during the mining excitement of 1855, and rapidly became an important center. It is the county seat of Butte County, situated on the east bank of the Feather River, 28 miles north of Marysville, with which place it is connected by the California Northern Railroad. It draws trade from the two industries of mining and agriculture—the eastern portion of the county paying tribute in the golden treasures of the quartz ledge and the gravel bed, while the west pours in her wealth of grain and fruit. It is the point from which stages and freight wagons leave for all parts of the mountains, and the trade of the various sections thus tapped renders the town a continual scene of bustle and enterprise. Her merchants and farmers are all transacting a profitable business, and thoroughly believe in the future of the entire section in which Oroville is located.

The culture of citrus fruits especially has occupied the attention more or less of all land owners in and around Oroville, and the magnificent display of fruit at the late citrus fair has shown to the world that the successful growth of oranges, lemons, etc., is not confined to the southern counties, and that central California can hold her own with any exhibits from the South.

The manufacturing interests are among the best in this section of the State, and will, in time, become an important factor in the future prosperity of the town. It has good hotels, schools, several churches and two newspapers, the *Daily and Weekly Mercury*, ably edited by Mr. Ed B. Price, a wide-awake sheet fully alive to the interests of the community, and the *Register*, weekly. Oroville is a banking town, and has post, express and telegraph facilities. Population 1,800.

WILLIS'

BUSINESS ✲ COLLEGE

OAKLAND, CAL.

A LIVE, PROGRESSIVE, THOROUGH AND PRACTICAL COMMERCIAL SCHOOL.

DAY AND EVENING SESSIONS! NO VACATIONS!

GENUINE INSTRUCTION AT REASONABLE RATES.

COURSES OF STUDY.

The courses of study pursued in this College are restricted to the most practical subjects, embracing only such topics as are of the greatest importance to all persons and including the following named branches:

Single and Double Entry Book-keeping, Penmanship, Commercial Arithmetic, Spelling, Business Correspondence, Commercial, Law and Business Forms, Short-hand and Type-writing.

The instruction in the branches enumerated above is supplemented by the frequent class drills, examinations and a complete course in ACTUAL BUSINESS PRACTICE.

BUSINESS EDUCATION.

Education should be practical in everything. "Teach your boys that which they will practice when they become men," expresses in few words the central idea of the business course of study pursued in this college.

The variety of work in a six month's course at this institution gives the student a drill and experience that could not be acquired during as many years in a business office or store.

EVENING SESSIONS.

The college is open four evenings of each week. All the branches enumerated elsewhere are taught. The great advantage arising from our system of *individual instruction* and the moderate cost of tuition should not be overlooked by those whose time and means are limited. Each student receives personal attention, and may devote his entire time to a single study if desired.

COMMERCIAL ARITHMETIC.

The subject of Arithmetic receives in this College that attention which its importance demands, and as a result our students become rapid, accurate and thorough in the use of figures. All the practical short methods of reckoning are adopted and especial prominence is given to those subjects which have a direct relation to business.

NO GRADES.

There are no grades; pupils advance only in accordance with ability and application. The industrious, energetic student is not retarded by want of talent in others, nor is the less advanced scholar obliged to pass over a subject which he does not understand, in order to keep up with his class. We receive students for special instruction in any branch of our courses when desired, giving separate individual instruction.

VISIT THE COLLEGE.

We desire the *most critical examinations* of our courses and systems of teaching; and a cordial invitation is extended to parents, guardians, teachers and all interested in the cause of education to visit the school and see how it is managed. Communications should be addressed to

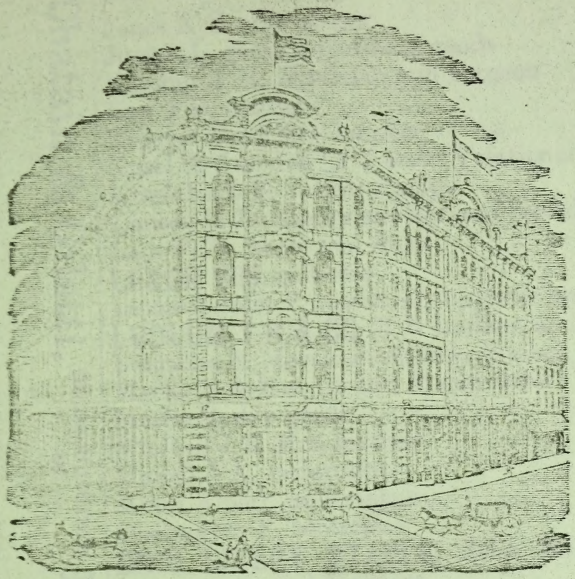

WILLIS' BUSINESS COLLEGE,

PASADENA.

LOS ANGELES COUNTY. A post and express town reached by S. P. Co.'s Los Angeles Division to Los Angeles, thence by stage or San Gabriel Valley Railroad. This was originally the San Pasqual ranch and was devoted to sheep raising. Some time ago it was purchased by a company of Eastern men and became a settlement under the name of Indiana Colony. Irrigation was at once adopted and, by means of pipes, water was led all over the colony. The first settlers were thrifty, hard-working people and set to work to make themselves homes, planting vineyards and orchards to yield them a future living, and although this involved long waiting and economy, they are now amply repaid by the success of their venture and the growth of their beautiful town. The town continues to increase and is full to overflowing. The "boom" has stayed and what was, two or three years ago, a comparatively unimportant village is now a busy town of 13,000 inhabitants, asserting itself among prominent cities of the State.

PETALUMA.

SONOMA COUNTY. A post, express and telegraph office, on the San Francisco and N. P. Co.'s R. R., 15 miles from Santa Rosa; population about 5,500. It is one of the most healthful towns in the State, and is situated about 37 miles northwest of San Francisco, at the head of navigation on Petaluma Creek. The town is in a very flourishing condition, owing much to its favorable situation, being accessible both by rail and water. Manufactories are numerous. The country round about makes this its market for all kinds of dairy produce, and it certainly can lay good claim as one of the chief *entrepots* for butter, cheese, poultry, eggs, etc. Having the advantage of location at the very head of navigation, and surrounded as it is with a country so rich in these products, it soon took the lead which it now holds, and is at this day one of the most flourishing of the inland towns of California. The town is excellently laid out, the streets are well graded; the public school and church facilities are ample for the inhabitants.

POMONA.

LOS ANGELES COUNTY. A post, express and telegraph town, on the S. P. Co.'s Yuma Division, 33 miles east of Los Angeles. This town is beautifully situated, 6 miles from the foot of the Sierra Madre Range of mountains, with snow-capped peaks, the average elevation of which is 9,000 feet above the sea. The altitude of the village is 860 feet, rising gradually to 2,000 at the foot-hills. The valley is believed to be one of the healthiest places in California. It is free from fogs, and the temperature is kept mild and equable by the cool breezes from the mountains. The soil of the valley is particularly fruitful and well watered. The citrus and semi-tropical fruits are cultivated to perfection here, and the olive grows luxuriantly on seemingly waste land.

The town has commodious and pretty school-houses, which are well officered by experienced teachers. There are seven churches, and several of the societies are represented. The water supply of the valley is said to be the best in the State, abundant, and entirely free from alkaline, saline, or mineral taint, cold as ice and clear as crystal. The progress of Pomona within the past year or two has been more marked than any other place in Southern California. All branches of business, including the professions, are well represented. Pomona is a banking town.

RED BLUFF.

TEHAMA COUNTY. It is the county seat and has a municipal form of government under a charter of incorporation. Its topography is desirable for the extension of its limits, being on a natural esplanade on the west bank of the Sacramento River, at the head of navigation, and on the Oregon Division, 135 miles from Sacramento, the State capital. It is surrounded by a very rich body of agricultural land, and the opportunities for developing the stock-raising, horticultural, and cereal-producing interests are manifold. Everything indigenous to the latitude grows luxuriantly, and large crops are yearly harvested. It would be an excellent point for the erection of extensive woolen mills, as it not only has superior water power facilities, but is the wool center for the county, the production of Tehama alone amounting to 2,000,000 pounds per annum. The city has good schools and the religious denominations are represented. Two newspapers supply the residents with local news. The population is 3,500.

REDDING.

SHASTA COUNTY. Redding, the county seat of Shasta County, is located on the railroad. At the head of the great valley of the Sacramento, surrounded on three sides with frowning mountains, many of whose peaks are covered with eternal snow, she enjoys a most picturesque scene, and strangers entering the little city for the first time are constrained to speak of the beautiful scenery presented to their view. Redding is located midway north and south between Marysville and the State line, and midway east and west between the lava beds of Lassen County and the coast. She is the gate of the Sacramento Valley, and at her portals is distributed and received all the traffic and travel that ebbs and flows from the railroadless regions to the north, east and west. Freight for Trinity and Modoc Counties and southeastern Oregon is unloaded at Redding, and all summer long, and often into midwinter, caravans of prairie schooners wind their tortuous way up and down steep grades to the outskirts of civilization, to where the iron horse has as yet failed to put in an appearance.

Redding has made a gain of 1,400 inhabitants since the census of 1880, having now a population of 2,000. She is enjoying a building boom or boomlet that is truly encouraging. Brick buildings are taking the place of wooden structures, and a finer class of private residences seems to be the order of the day. Over 400

houses have been erected during the past two years, yet it is hardly possible to find an empty one, and many inquiries are made daily. Additions to the original town plot have been laid out in every direction, and lots are selling all the way from $250 to $2,000, according to location. Prices have, in fact, increased 100 per cent during the past year. The city has two newspapers, the *Free Press* and *Democrat*, and the first named will be issued as a daily in April. It has good schools, excellent hotel accommodations and flourishing business houses.

which the entire valley is devoted. The place has an air of newness; the houses are all neat, the gardens well kept, and all things indicate solid enterprise and thrift. The town has several churches, school-houses, town hall, and other public buildings, good hotels, and three daily and weekly newspapers. The population of the town is about 2,500, and including the whole valley, which is incorporated, about 8,000.

SACRAMENTO.

SACRAMENTO COUNTY. The capital of California, is beautifully situated on the east bank of the Sacramento River. Her streets are ornamented with splendid business edifices and are well paved and lighted with the electric light. The resident parts of Sacramento are worthy of mention, beautiful houses with large, roomy yards tastefully laid out with palm ferns, rare flowers and the various varieties of citrus and semi-tropical fruit trees. In the possession of splendid homes, Sacramento will compare favorably with any city of the same size in the Union. Being a great railroad center, it was necessary to furnish accommodation for the vast amount of traffic passing through. This has been done by building a capacious depot 300 feet long, subdivided into compartments peculiar to itself. The State Capitol is another feature of Sacramento, deserving special praise; situated in a lovely park beautifully laid out, and surmounted by a dome 180 feet in height, it presents an imposing spectacle.

The newspapers of the city are a credit to it. They are too numerous to mention individually, but we would recommend the Sacramento *Bee* as a particularly wide-awake and lively daily.

KEMP & McCARVIE, The REAL ESTATE BROKERS of San Diego, are reliable men. If you own any property there and desire to sell, or if you wish any information, write or call on them.

THE BEE Best Advertising Medium in Northern California. Largest General Circulation. Largest Local Circulation.

SEND $2.00 for the Weekly Chronicle one year and PREMIUM MAP of the United States Northern Mexico, British Columbia, and Canada.

It also comes out in weekly form with an amount of condensed information seldom seen in newspapers out of metropolitan cities.

The city is well drained and clean, and contagious disease is unknown there. Being situated on the river it has a large river traffic, which adds greatly to the commercial importance of the city. It has all the post, express, telegraph and telephone facilities of an enlightened modern city. The population of Sacramento is estimated at 30,000.

PACIFIC IRON WORKS

1850. BUILDERS OF 1888.

MINING

AND GENERAL MACHINERY.

127 FIRST STREET, SAN FRANCISCO, 145 BROADWAY, NEW YORK.

Plants for Gold and Silver Mills, embracing machinery of latest designs and most improved construction. We offer our customers the best results of thirty-five years experience in this special line of work, and are prepared to furnish from San Francisco or Chicago the most approved character of Mining and Reduction Machinery, adapted to all grades of ores and superior to that of any other make, at the Lowest Possible Prices.

We are also prepared to construct and deliver in complete running order, in any locality, Mills, Concentration Works, Water Jackets, Smelting Furnaces, Hoisting Works, Pumping Machinery, etc., of any desired capacity. Send for circulars.

Water Jacket Smelting Furnaces

UPWARDS OF 200 IN USE.

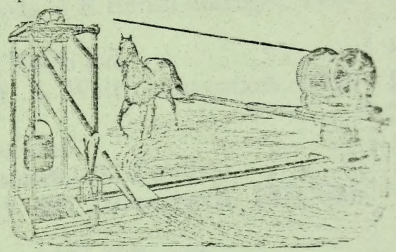

For Copper and Argentiferous Lead Ores, of new original designs, covered by letters patent. No other furnace can compare with these for durability, and in capacity for uninterrupted work. More than 200 of them are now running in various parts of this country as well as many in foreign countries, giving results never before attained as regards continuous running, economy of fuel, amount and quality of bullion produced. These claims have been proven by results in any number of instances, and the great superiority of this system of smelting ores demonstrated beyond question. Complete plants furnished to order, of any capacity, with all improvements that experience has demonstrated as valuable in this class of work. Send for circulars.

WATER JACKET SMELTING FURNACES

THE DUNCAN CONCENTRATOR

Beyond question the cheapest and most [effective] machine of the kind now in use, adapted to all [kinds] and classes of ores.

This machine has been thoroughly tested [during] past three years under a great variety of conditions, giving most extraordinary results, far in advance of anything ever before realized. A recent comparative test with the Frue at the Carlisle mine, in Nevada Co, showed an advantage of over 30 per cent. in favor of the Duncan; the amount saved over the Frue being sufficient to pay the entire cost of the machine every month of the year. One of its most valuable features is an amalgamator. It saves all the amalgam of gold and silver that escapes the batteries, pans or tables, making the machine worth more than its cost for this purpose alone.

Baker's Mining Horse-Power Hoist

This is a machine of the greatest utility in the early stages of mine development, and by all odds the best thing of the kind ever introduced.

Large numbers of them are now in use in various parts of the country, working in many cases to the depth of from 200 to 300 feet, hoisting both ore and water with a facility that makes steam power unnecessary.

The brake and clutch levers being worked with a spring latch and quadrant, gives the operator perfect control over all its movements, and makes it absolutely safe from accident. Send for circulars.

STEAM HOISTING WORKS.

Of Any Required Capacity.

HAZELTON BOILERS

The most perfect Steam Boiler of the age. Has shown a saving of from 15 to 25 per cent. over all competitors

For Simplicity, Economy and Durability has no Equal.

SALINAS CITY.

MONTEREY COUNTY. The county seat of Monterey County, is situated in the fertile Salinas Valley, 118 miles from San Francisco, on the S. P. Co.'s Northern Division (Soledad Branch). The city has grown rapidly during the past few years. There are two good weekly newspapers, the *Index* and the Monterey *Democrat*, which are a credit to the county. The population of Salinas is now estimated about 3,000.

SAN DIEGO.

SAN DIEGO COUNTY. A post, express, and telegraph town, situated on the coast, 482 miles from San Francisco. Reached by S. P. Co.'s Yuma Division to Colton, thence by California Southern R. R. or by Pacific Coast steamers direct.

This charming city and health and pleasure resort is beautifully situated on a lovely bay of the same name. The bay is land locked and affords one of the few good harbors on the Pacific Coast. Back of the city rises a long, rugged range of mountains, and between the city and mountains is some of the finest fruit land in the State. The climate of San Diego is delightful, no other place in the world probably excelling it in equality of temperature and freedom from storms. Invalids here obtain a new lease of life, if climate can help them at all. San Diego has grown largely in the past two years and still continues to grow. The population of the city is now estimated at 30,000. It has all the post, telegraph, express, and banking facilities of a large city.

SAN JOSE CITY.

THE GARDEN CITY.

SANTA CLARA COUNTY. San Jose has been justly termed the "Garden City." It is a beautiful city, embowered in fruit trees, and surrounded by as rich an expanse of country as there is upon the face of the globe. It has a climate that is unsurpassed by the most favored. Its buildings are well constructed, of architectural beauty, and would be a credit to any city in the land. Its streets are broad, well laid out and lighted by electric lights, and generally thronged with busy traders. Within the city limits are the fine residences of many who have accumulated wealth from the products of the rich soil they were fortunate in obtaining before agriculture, horticulture and viticulture assumed the gigantic proportions they now boast in this State. Its business men are public-spirited; its press stands in the front rank of California newspapers, which all acknowledge to be superior to those of any other State in the Union. Its women are intelligent, and as beautiful as they are intelligent. Its schools are second to none; its public buildings are a credit to Santa Clara County, and all in all, there is not a more desirable place for a home than in the "Garden City." The population of San Jose is now estimated at 25,000.

A YOUNG MAN, who wants a BUSINESS EDUCATION, should read opposite page 513.

(E)

UNIVERSITY OF THE PACIFIC

LOCATED MIDWAY BETWEEN

SAN JOSE and SANTA CLARA,

CALIFORNIA.

And Accessible by Street Cars from Both Cities.

THERE ARE SIX REGULAR COURSES OF STUDY, VIZ: (1) The Classical Course, four years; (2) The Belles Lettres Course, four years; (3) The Latin Scientific, four years; (4) The Scientific Course, four years; (5) The Conservatory of Music Course, four years; (6) The Business Course, three years.

The CLASSICAL and the BELLES LETTRES Courses are equal to the most advanced demands of the best Eastern institutions. The LATIN SCIENTIFIC and the SCIENTIFIC Courses extend over four years each. They are less exacting than the former, but afford adequate training for business or professional life.

The CONSERVATORY OF MUSIC furnishes the best facilities for acquiring a complete and thorough musical education. Under Professor King, its accomplished principal, it enjoys an extended influence and rising reputation.

EAST HALL, the new and elegant brick building, erected in 1884–85, contains the PREPARATORY AND BUSINESS DEPARTMENT.

This department, of over 250 students, offers special advantages in its five regular courses of study, which connect with the regular courses in the University. The BUSINESS Course embraces full instruction not only in Book-keeping, Penmanship, and Commercial Law, but in all the foundation studies required of the well educated business man of to-day.

Students in the PREPARATORY DEPARTMENT are brought into close contact with the influence and scholarship of the more advanced students of the college, and as far as they are qualified, enjoy the advantages of the library, museum, laboratory, special lectures, etc.

Terms for board, furnished room, washing, incidentals, and tuition, $250 per year; $12.00 per session extra to those in the Business Course.

SOUTH HALL, under the supervision of the preceptress and an experienced matron, offers a commodious and inviting home for young ladies from abroad. The terms are the same as for young gentlemen, $250 per annum, payable semi-annually, in advance.

Young gentlemen of college grade may obtain board in private families at about the same rates.

WEEKLY LECTURES will be delivered before the entire body of students, by gentlemen selected for their attainments in Letters, Law, Medicine, Theology, Literature, Travel, History, and the different sciences.

A judicious supervision is exercised over the manners and morals of all students.

Parents and guardians desiring to send abroad for an education will find in this institution complete facilities at low prices.

The full session begins about the middle of August, and the spring session, about the middle of January each year, and each continues twenty weeks.

being only caused by the magnitude of Oakland's wonderful growth in population and material prosperity. San Leandro still retains the lead in population among the towns of the county, aside from the bay cities adjacent to San Francisco. It is located on the creek of the same name, and is surrounded by fertile and productive fields, which have attained the highest reputation of all lands in the State in the production of vegetables for the metropolitan markets of San Francisco. It has fair hotel accommodations, supports a weekly newspaper, and has complete postal, express, railroad and telegraphic facilities. Population 1,700.

SAN LUIS OBISPO.

SAN LUIS OBISPO COUNTY. This town was incorporated in 1876, and is pleasantly situated about 9 miles from the coast, on San Luis Creek.

It was first settled in 1772. The town is supplied with water from springs about a mile north of the town. The streets and buildings are lighted with gas. San Luis Obispo has fine public school buildings, Catholic seminary, County Court House, City Hall, churches and a county hospital. It has post, telegraph and express offices, and is connected with San Franciseo by the P. C. railroad to Port Harford, and thence by P. C. S. S. Co.'s steamer to San Francisco, 199 miles; and also by stage to Soledad and S. P. R. R. to San Francisco, 257 miles.

SAN MATEO.

SAN MATEO COUNTY. A post, express and telegraph town on the S. P. Co.'s Northern Division, 21 miles from San Francisco. A pretty little place surrounded by beautiful scenery. The town has hotels, stores and many handsome residences. St. Matthew's Military Academy, one of the best in the State, is situated here. The climate is delightful, and tourists should certainly not fail to visit this lovely spot. Farming and dairying are the chief occupations of the neighborhood. San Francisco is its nearest banking town. Population 1,200.

SAN RAFAEL.

MARIN COUNTY. This, the county seat of Marin, is a charming little city of about 3,000 inhabitants. It is beautifully located in a basin east of Mount Tamalpais, and is surrounded by a low range of hills, save to the east, where a clear and expansive view of the bay is had.

These peculiarities in its typographical location have the effect of making San Rafael one of the most desirable of all the suburban cities and towns adjacent to San Francisco, perfect immunity from the fierce southern and western winds of the coast, and

an almost complete freedom from fogs, being secured by the shielding protection of its surroundings.

The place is famous as a resort for invalids, and during the summers is the preferred locality of many thousands, for picnics. The city is lighted with gas, and is supplied with water from Lagunitas Springs, seven miles distant, the system of mains and lateral pipes being complete for all parts of the city.

Ample and convenient communication with San Francisco, *via* the North Pacific Coast Railroad direct, and the San Francisco and North Pacific Railroad *via* Point Tiburon, is had at all seasons of the year, the service of both routes being increased very materially in the summer months to accommodate the excursion travel.

There are five churches, a large public school, with an attendance of about 450, and a free library. Two weekly papers are published, the *Tocsin* and the *Journal*, both of which possess a good circulation. There are numerous private boarding-houses and hotels, many of which possess extensive grounds and cottages attached. Chief among the hotels and worthy of special mention is the Central House, kept by Mr. M. G. Dufficy. This house, from its central location and ample accommodations, as well as the years of successful experience acquired by its genial host, insures all who avail themselves of its comforts perfect satisfaction.

SANTA BARBARA.

SANTA BARBARA COUNTY. A post, express and telegraph town, reached by Pacific Coast steamers. The town of Santa Barbara is beautifully situated in the valley, sloping from high mountains on the north to a sunny beach on the south. The mountains, bold and rugged, rising suddenly behind the town, form a strange contrast to the ever green and fertile valley in which it lies. These mountains effectually shut off all north winds and make the climate delightful and of great

SANTA CLARA.

SANTA CLARA COUNTY. The town of Santa Clara is situated in the Santa Clara Valley, 3 miles west of San Jose. It is 2 miles long and 1½ miles wide; it has post, express and telegraph offices, and an organized fire company. The famous College of Santa Clara, and the University of the Pacific, are situated in its midst. It has a population of about 3,000. The town is constantly growing. The name Santa Clara is taken from the old mission, which was the first settlement in the county. It is on the lines of the S. P. C. R. R. (narrow gauge) and the S. P. Co.'s Northern Division. It is also a banking town.

SANTA CRUZ.

SANTA CRUZ COUNTY. This charming seaside resort is situated on the coast about 80 miles from San Francisco, and is reached by S. P. Co.'s R. R. *via* San Jose and through the Santa Cruz Mountains, a most beautiful and picturesque route, by the S. P. Co.'s Northern Division (Santa Cruz Branch) and by the Pacific Coast steamers. The beach at Santa Cruz is one of the finest on the coast, and the bathing facilities are excellent. The hotel accommodation is ample and being constantly improved. The drives around Santa Cruz are very fine, particularly the "Cliff Road." Santa Cruz has postal, telegraph, and express facilities, and is a banking town. Population 6,000.

SANTA MARIA.

SANTA BARBARA COUNTY. Is on the P. C. R. R., 35 miles from San Luis Obispo. It is situated in the center of the rich and beautiful Santa Maria Valley. The principal resource is agricultural. This part of the county is adapted to wheat growing, where can be seen 20 square miles of growing wheat. The town is considered extremely healthy, owing to the fine sandy loam on which it is situated. Santa Maria contains a population of about 1,000. The town is beautifully laid out, large, broad streets, 150 feet wide. There are several large business houses, a post, express and telegraph office, several churches and schools, and one weekly paper, the Santa Maria *Times*. Its nearest banking town is San Luis Obispo.

FOR SAN DIEGO REAL ESTATE call on KEMP & McGARVIE, 1508 F St., cor. 6th, under the St. James Hotel, San Diego, Cal.

THE BEE, Sacramento, Cal. The People's Paper. Enterprising, Fearless, Impartial. Its motto: "In the Publication of News we know no Friends and Fear no Foes."

B. H. VAN NESS, Proprietor. Eagle Hotel, STOCKTON, CAL. Special rates to permanent boarders.

CHESNUTWOOD'S

BUSINESS COLLEGE,

SANTA CRUZ, CAL.

The object of this College is to prepare young men and young ladies for the various business affairs of life.

Its Course is extensive, comprehensive, and practical, giving to all who graduate such a thorough business training as will fit them for any business.

Its purpose is not to fit pupils for clerks and book-keepers alone, but aims to impart such information as will meet the wants of the times.

MATHEMATICS.

A thorough drill will be given in Commercial Arithmetic, embracing the most rapid methods of calculating fractions, percentage, interest, discount, partial payments, banking, taxes, insurance, commission, profit and loss, stocks, domestic and foreign exchange, general average, equation of payments, accounts current, partnership settlements, etc., embracing the principal business industries, such as wholesale and retail merchandising, railroading, jobbing, commission, insurance, farming, brokerage, banking, etc.

COMMERCIAL LAW.

Lectures on Commercial Law will be given throughout the business course, pertaining to business transactions and business paper.

BUSINESS CORRESPONDENCE

Will consist in writing business letters and communications of all kinds correctly. The proper use of capitals, punctuation, and phrasing, will be thoroughly taught.

Penmanship, in all its forms, is made a specialty. All graduates will become elegant business penmen.

GENERAL INFORMATION.

Pupils can enter at any time. There are no classes in the school. Each pupil receives individual instruction; he can therefore advance just as rapidly as his ability and diligence will permit.

Only a common-school education is required to enter.

Ladies are admitted to all the departments of the College.

SESSIONS.

Day sessions from 9 A. M. to 12 M., and from 1 P. M. to 3 P. M. Evening sessions from 7 P. M. to 9 P. M.

TERMS IN ADVANCE.

Full business course, including penmanship, 1 year	$75 00
Full business course, including penmanship, 6 months	42 00
Penmanship alone, 1 month	3 50

as Santa Rosa Valley, being 16 miles north of Petaluma, and 16 miles south of Healdsburg, and is surrounded by some of the most productive farms of the State, as well as by an intelligent and prosperous farming community. The wine product of Santa Rosa township and its tributary valleys is much over 500,000 gallons annually, and in the city is found one of the largest wineries. The city is well lighted, and is abundantly supplied with water from a capacious reservoir, a few miles east of the city. It has two colleges, ample public schools, church edifices and public buildings. The Santa Rosa *Republican*, *Sonoma Democrat*, and *The Day Book*, all three daily and weekly papers, are in themselves ample evidence of the progressive character of the community they represent, while its powers of hospitality are amply provided for in its numerous hotels. The population of the city is fully 6,000.

SELMA.

FRESNO COUNTY. Post, express, and telegraph town on the S. P. Co.'s Visalia Division, 15 miles from Fresno City. It is pleasantly situated in the San Joaquin Valley. The surrounding country is being rapidly put into vineyards and fruit of all kinds, and it is considered by all who visit it to be one of the finest viticultural districts in the United States. On visiting this active, thriving town, one is sensibly impressed with the indomitable spirit of energy displayed on every side. It has imposing brick blocks, a bank, a railroad depot, water works, two planing mills, and a weekly newspaper. The principal hotel, the Whitson, is equal to any country hotel in the State. The population has increased fourfold in two years; it is now something over 2,000.

ST. HELENA.

NAPA COUNTY. A banking town, with post, express and telegraph office. Is in the center of the principal and wealthiest wine-growing section of California, and is a prosperous and growing town. It is situated 18 miles above Napa City and 60 miles by rail from San Francisco; has three trains daily from the metropolis, two passenger and one freight. Its business interests are diversified and well represented. St. Helena possesses attractions of scenic surroundings and unsurpassed climate, which render it unrivaled as a place of residence. It has good schools, public and private, seven churches, public library and free reading room. Stages leave this town for the famous Ætna Mineral Springs, 16 miles distant. Population 2,500.

STOCKTON.

SAN JOAQUIN COUNTY. A post, express and telegraph town at the head of Stockton Channel, about 2 miles from the San Joaquin River and on the line of the S. P. Co's Western Division, 91 miles from San Francisco and 48 miles from Sacramento. The surrounding country to Stockton extends to the foot-hills of the Sierra Nevada Range on the east, and Coast Range on the west, while on the north and south stretch the luxuriant plains of the Sacramento and San Joaquin Valleys, which reach nearly the entire length of the State.

The corporate limits of the city extend over 4 miles square, and it is laid out in blocks about 300 feet square. The principal streets are graded and graveled. From its surroundings Stockton is naturally a great grain center, and has become second of importance only to San Francisco. The facilities afforded farmers for the storage of that article are unequaled in the State, and Stockton has gradually become an acknowledged grain depot.

In manufactures Stockton takes high rank among the chief manufacturing cities of the State, the branch receiving most attention being naturally agricultural implements. The city has good hotel accommodations, an efficient school system and fire department, and is governed by able, enterprising men.

THE

PACIFIC HOSPITAL

Stockton, Cal.

Private Hospital for the Care and Treatment of Mental and Nervous Diseases.

The Proprietary Institution known as THE PACIFIC HOSPITAL, is especially devoted to the care and treatment of MENTAL AND NERVOUS DISEASES. The buildings are capacious and comfortable, having been constructed for the accommodation of over 200 patients, and they are pleasantly situated in the suburbs of Stockton, and surrounded by attractive grounds of forty acres in extent, with cultivated gardens and pleasant walks. Its advantages over public institutions in facility of admission and procuring extra accommodation, if required, are obvious.

For terms and other particulars, apply to the Proprietor and Superintendent.

DR. ASA CLARK,

Stockton, Cal.

SEND FOR OUR CATALOGUE.

Stockton Business College

AND NORMAL INSTITUTE,

STOCKTON, CALIFORNIA.

THIRTEEN YEARS OF SUCCESSFUL WORK have placed this School in the lead of all other Schools West of the Rocky Mts.

ITS ADVANTAGES.

1. HEALTHY LOCATION. Stockton is the healthiest city in the United States.

2. THOROUGH COURSE. We can satisfy any one qualified to judge that our Business Course is the MOST THOROUGH, COMPREHENSIVE and PRACTICAL prescribed by any Business College in the land. This seems a sweeping assertion, but we have compared our course with those pursued in the leading Business Colleges of the United States, and we have been assured by educators of national reputation that in point of THOROUGH WORK we are far in the lead. Write to us for a description of the course of study.

3. ENERGETIC EXPERIENCED TEACHERS. The faculty of this school are all graduates, and are all experienced instructors.

4. EXPENSES. Board in our own Students' Home $10 per month. Room rent, including lights, $3 per month. THERE ARE NO INCIDENTALS. A student in this school finds that the teachers are helping him to get a business education, and not inventing little schemes to run up his expenses and get possession of his money. When our tuition fee is paid, the student can attend our school FIFTY-TWO WEEKS without once having any bill presented for "extras."

5. BROAD COURSE OF STUDY. Besides the regular classes in the Business Course there are on an average TWENTY-FIVE daily recitations in other studies, to any of which, students of the Business Course are cheerfully admitted without EXTRA CHARGE. This is an advantage offered by no other school.

6. INDIVIDUAL INSTRUCTION. Students found deficient in mathematics, or any of the English branches, are instructed privately WITHOUT EXTRA CHARGE until able to do the prescribed work.

7. PLEASANT SURROUNDINGS. Our parlors are thrown open to the students. The students are allowed the free use of pianos and organs, and in our weekly literary exercises are given an opportunity to improve themselves in debating, composition, declamation, vocal and instrumental music, etc.

8. NO GRADES. The student can advance as fast as his abilities will permit, and he will not be kept back by those of less talent or application.

9. Students can enter at any time, and will be awarded the Stockton Business College Diploma on completing the course.

10. PENMANSHIP. A course in Business and Ornamental penmanship free to students of the Business College.

Send us your name and address and you will receive our catalogue and a specimen of penmanship free.

We cannot mention all the advantages of our school, but are always glad to answer questions as to our methods of instruction, courses of study, etc., and therefore solicit correspondence from all young ladies or gentlemen who are interested in practical education.

COURSES OF STUDY:

1. Full Business Course.
2. Full Normal Course.
3. Preparatory Course.
4. Teacher's Course.
5. Scientific Course.
6. Classic Course.
7. Review Course.
8. Special Courses.
9. Short-hand and Typewriting.

TERMS:

Full Business Course (52 Full Weeks) $75.00

(About $5.74 per Month.)

SUISUN.

SOLANO COUNTY. A post, express and telegraph town on the S. P. Co.'s. Cal. Pac. R. R. Division, 50 miles from San Francisco. It is situated upon an elevation in the tule lands at the head of a navigable arm of Suisun Bay, which is capable of carrying vessels of 100 tons burden. Almost the entire grain and a large portion of the other products of the district are shipped by this route, by Sacramento River steamers. It is a banking town and has a population of 800.

TEHAMA.

TEHAMA COUNTY. This town, formerly known as Hall's Crossing, is located on the west bank of the Sacramento River, 12 miles south of Red Bluff.

The S. P. Co.'s Oregon Division, upon which railroad the town is situated, crosses the river here, and the embankment made for its line along the river, serves the town as a levee against the high waters of flood-times. The industries of the town and the interests of the surrounding country depend wholly upon farming and stock-raising. The town is quite prosperous, and is making steady advances in growth equally with the continued development of the county. It possesses two large grain warehouses, and immediately opposite, on the eastern shore of the river, the North Star Flouring Mill, a large establishment, run by water from Mill Creek.

Its school and church privileges are ample; two public halls for general entertainments have been erected, and the hotel accommodations are fully up to the times. The town has post, express and telegraph offices, and a population of about 450. Red Bluff is its nearest banking town.

TULARE.

TULARE COUNTY. A post, express and telegraph town on the S. P. Co.'s Visalia Division, 10 miles from Goshen and 257 miles from San Francisco. It is centrally located, being a convenient shipping point for several important towns off the railroad, and railroad division headquarters for two sections.

The arid country hereabouts is being improved and rendered highly valuable by means of irrigation, the water being obtained from artesian wells. The first well in the county for irrigating purposes was bored in 1881, and now there are no less than eighty-four flowing wells, water being struck at an average depth of 375 feet, at a cost of $600 per well. There are six boring out-

fits engaged actively in the business, which is rapidly effecting a great increase in the products of the section. A fine quality and a large average of timber, principally oak, grows on the plains and mountains of Tulare; also large quantities of redwood, sugar pine and other species. There are several saw-mills for its manufacture in the county. The pipe for fitting artesian wells is nearly all furnished by Tulare manufacturers. Tulare is a banking town and has a population of 6,000.

See Pages 225, 226.

It has many natural advantages, all of which conspire to advance its material interests. Deep-water ships load directly at this point, large numbers of cargoes being annually taken. Aside from the ordinary business characteristics found in cities of its size, the location at Mare Island of the United States Navy Yard is to Vallejo a feature of great importance, as it is fair to say that much over half of Vallejo's material prosperity depends on it. The Navy Yard employs from 500 to 1,200 men. Here also is found the Orphans' Home, erected and maintained under the auspices of the Good Templars, which in its workings has proven a noble and comprehensive charity. Ample and frequent communications by ferry, and complete postal, telegraph, telephone, and express communication with San Francisco, are among the advantages enjoyed by the residents of Vallejo. Its population is 9,000.

VISALIA.

TULARE COUNTY. A post, express and telegraph town, the county seat of Tulare County, reached by S. P. Co. (Visalia Division) to Goshen, thence by Visalia Railroad 8 miles. Visalia is a beautiful and prosperous town in the center of a heavy oak forest, and is surrounded by a great fruit, grain-growing and stock-raising country. The town is growing rapidly, has a handsome Court House and several important manufacturing establishments.

Tulare is a thriving county, has fine mountain scenery, several health resorts and the largest tree in the world, measuring 46 feet in diameter. The soil is fertile, well watered, and agriculture remunerative.

Visalia has a number of churches, good schools, a good bank, three good hotels, U. S. Land Office, agency for S. P. Co.'s lands, and three newspapers, one, the *Weekly Delta*, a pioneer journal, established thirty years ago. Population 3,500.

WHEATLAND.

YOLO COUNTY. A post, express and telegraph town on the S. P. Co.'s Oregon Division, 40 miles from Sacramento, and 12 miles south of Marysville.

It is dependent upon the products of the exceedingly fertile lands of its neighborhood, which consist principally of wheat and potatoes; and also carries an important business from the mines. Wheatland has a population of about 1,000, being the second largest town in the county. It boasts a large flouring mill, a bank and three churches, besides a number of extensive business houses.

WILLOWS.

COLUSA COUNTY. A post, express and telegraph town on the S. P. Co.'s Cal. Pac. R. R. Division, 20 miles from Colusa.

The appearance of the town is commanding as, since the fire, there have been added many substantial buildings. It possesses a foundry, machine shop, flouring mill, soda water factory, a large hotel, beautiful railroad buildings, and the largest brick business block in Colusa County. The different secret orders are represented, as well as several religious sects who possess fine church buildings. It has a commodious public school, with competent teachers, a weekly newspaper, the Willows *Journal*, and is a banking town. Population 1,300.

WILMINGTON.

LOS ANGELES COUNTY. A post, express and telegraph town, reached from Los Angeles by S P Co.'s Wilmington Division, 22 miles, also by Pacific Coast steamers. It is the principal shipping point of the county, although the harbor is not accessible to large vessels, which are compelled to discharge by lighters from San Pedro, two miles below. A breakwater, constructed recently, has considerably facilitated shipping. Los Angeles is its nearest banking town. Population 900.

WOODLAND.

YOLO COUNTY. This town, the county seat, is pleasantly situated a little southeast of the center of the county, reached by S. P. Co.'s Cal. Pac. R. R., 85 miles from San Francisco, and 21 from Sacramento. Besides being the capital, it is also the commercial metropolis of the county, possessing as it does fine public buildings, a magnificent public square and many solid business blocks. It is a busy town, almost every line of business being represented. In its educational interests the city possesses, besides its finely organized public school system, an excellent institution for advanced education in the Hesperian College, erected in 1861. As an additional evidence of the progressive character of the city and county, the fact that here are to be found two well-supported daily journals, is deemed sufficient. These papers, the *Yolo Mail* and the *Democrat*, are both sparkling and energetic sheets and enjoy a good circulation. Population 5,000.

YOLO.

YOLO COUNTY. A post, express and telegraph town on S. P. Co.'s Cal. Pac. R. R. Division. It was formerly known as Cacheville, and was at one time the county seat. It is almost 5 miles northwest of Woodland. Its interests are entirely agricultural and a fair business is done; as is natural, however, its close proximity to Woodland makes it subsidiary to that place in its mercantile and grain shipping trade. Woodland is its nearest banking town. Population about 400.

BAINBRIDGE BUSINESS COLLEGE and NORMAL SCHOOL. Finest and most complete ACTUAL BUSINESS DEPARTMENT. Send for Catalogue. 1017 J ST., SACRAMENTO, CAL.

YOUNTVILLE.

NAPA COUNTY. A flourishing town, and the center of quite a large wine-growing district; is located on the railroad 9 miles north of Napa City. This district, including Oakville, the two being generally classed as one district, ranks second to St. Helena in its wine product, the annual vintage reaching over 700,000 gallons. Yountville has post, express and telegraph offices, and a population of about 400. Napa is its nearest banking town.

Jones & Hodson, —DEALERS IN— CITY AND COUNTRY Real Estate, REDDING CAL.

LOWER
California Land Association,
PROPRIETORS OF
SAN CARLOS CITY!

This place is located on the mesa stretching from the foot-hill sand descending slightly to the center of Todos Santos Bay, and is about seven miles from Ensenada.

The improvements now under way and in contemplation are commensurate with and will enhance the natural beauty of the location, and will comprise a complete system of

WATER WORKS,

Several Public Parks,

A FINE HOTEL, A FINE BOULEVARD,

And a Flower Garden

Extending two miles along the shore 100 to 160 feet in width.

A - MOTOR - ROAD

From Ensenada to Punta Banda, will pass through San Carlos City.

Carriages will convey visitors to San Carlos free of charge from the International Company's offices at Ensenada,

For further information apply to or address

COL. L. P. CRANE,
Pres't and Gen'l M'ger, Ensenada, Lower Cal.
